Chris emailed the committee regarding parking expansion. There is currently little overflow parking in the village. The members postponed any action until the school lot is in operation and the court area gravel piles are dispersed.

Mike asked about summer recreational programming at the fields. The school drainage work will be complete next summer and Neck of the Woods may be able to return.

Chris and Susan need to determine if the trail needs relocation near the tennis courts.

Neal will ask Stephan if he can machine mow any areas that need weedwhacking.

Discussed putting weedwhacking in either the Library or Recreation budget for next summer.
